The Merchant Navy Commemorative Theme Project

Dear Stephane,

I wish you every success with your Merchant Navy Project. It is long overdue and the living members of the Merchant Navy are growing fewer each month. It is a known fact that the Canadian Merchant Navy never received the benefits that the Navy, Army and Air force of the Second World War gained.

I hope your presentation will receive the honour and attention it deserves at the Conference of Defence Association later this month.

Kindest regards,

John Gardam
